

VERMOUTH

What your Manhattan has been missing all these years. Seriously. We crafted our Vermouth with this classic cocktail in mind, but it's oh so good you can even enjoy chilled over ice.. Produced using 100% Niagara wine and fortified with our grape spirit we have added a complex array of botanicals including things like wormwood, cinchona, gentian, bitter orange, sarsaparilla, vanilla and others.

Since we aren't able to sell this gem of a cocktail ingredient here at the distillery, you can find your next bottle at your local LCBO store or order online.
